

**HOLIDAYING SAFELY IN TRENTINO:
WE WILL TAKE CARE
OF YOU AND YOUR BUSINESS**

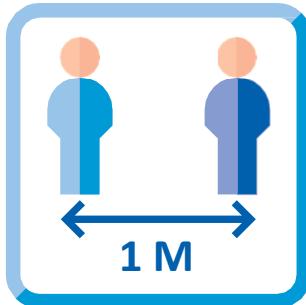

Wide-open spaces and the rhythms of nature have always made Trentino the ideal destination for those seeking balance and well-being. What's more, hospitality is in our DNA. And never more so than now: in recent times we have worked hard to ensure our tourists a peaceful and stress-free holiday.

Trentino is ready to welcome you. We look forward to hosting your clients, confident in our ability to guarantee them not only our warm welcome, but also the chance to enjoy a relaxing and stress-free holiday so they can recharge in nature.

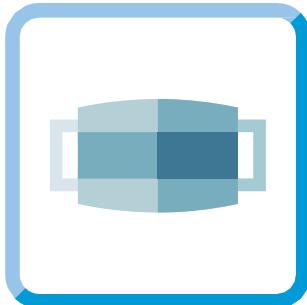

HOW WE TAKE CARE OF YOUR CUSTOMERS, OUR GUEST

As general protection measures, we always ask our guests to:

Keep the
distance of at
least 1 meter

Wear the mask
where required
and whenever it is
not possible to
maintain a safe
distance

Wash and sanitize
hands frequently

Avoid
gatherings

Prefer online
booking and
electronic
payments for
services used
(where possible)

HOW WE TAKE CARE OF YOUR CUSTOMERS, OUR GUEST

**BELOW, ALL THE MEASURES THAT WE HAVE ADOPTED AND
THAT ARE STILL BEING IMPLEMENTED TO ENSURE A SAFE HOLIDAY
FOR GUESTS AND RESIDENTS, MAKING CHANGES
CONSIDERING THE EVOLUTION OF THE EPIDEMIOLOGICAL FRAMEWORK**

*Here you can find all the updates about the Covid situation in Trentino:
visittrentino.info/holiday-safely*

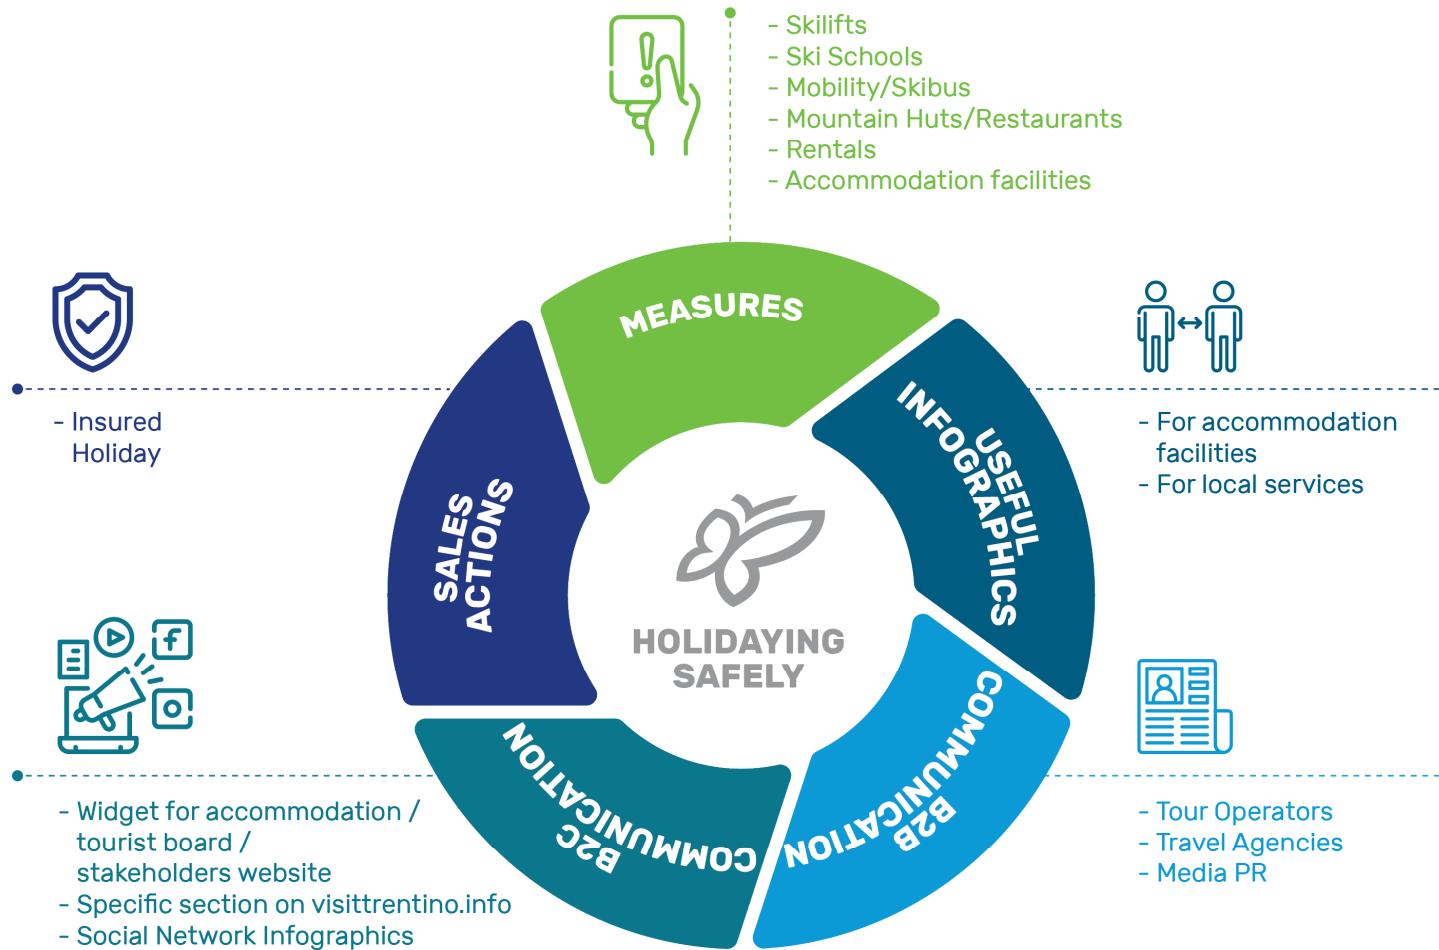

SUMMARY OF THE MOST IMPORTANT MEASURES

The most important measures implemented in Trentino this winter to reduce the risk and ensure a safely holiday

- ✓ “smart” management of queues and crowds as well as increased **online booking** and payment services. (es. Qoda system)
- ✓ daily sanitising of all lift cabins and gondolas, toilets and other public spaces and transportation.
- ✓ due to reduced capacity, **increased frequency** of transportation services such as ski buses to meet the needs for those coming from further away.
- ✓ attentive service and compliance with anti-contagion measures even in restaurants located at higher altitudes: e.g. **extension of serving times** and use of **heated outdoor spaces**. New concept of apres ski.
- ✓ the **size of groups is limited** for ski lessons and other activities so that you can take part with peace of mind.
- ✓ an **efficient rescue service** operates in the area, available 24 hours a day and able to deal with any type of emergency.
- ✓ all personnel working in the tourism sector will undergo **regular health checks** and **internal training courses** for updating on the Covid-19 measures

HOLIDAY SAFELY – OUR STRATEGY

SKILIFTS

- > We are waiting to know how the ski lifts will be able to open, probably they will run at reduced people capacity
- > Stations are organized to ensure the **safety distance** in the waiting areas, sometimes also with **defined routes** for the flows of people and with queue management systems
- > On all skilifts, we ask to wear suitable respiratory protection devices
- > We provide **sanitized solution dispensers** in the stations, at the entrance and at the counters
- > The journeys on the skilifts are of short duration and we guarantee constant **ventilation** on the cable cars and gondolas
- > All skilifts, rooms and common areas are **cleaned and disinfected** daily and the **sanitation** is periodic
- > Employees in contact with guests will wear respiratory protection devices
- > We are implementing the **online purchase** of ski passes and **electronic payments**, also with systems to avoid passing through the ticket offices
- > Refunds are provided for unused ski pass days due to Covid

SKI SCHOOLS

- > We encourage **telephone or e-mail contacts** with schools
- > We encourage schools to make available the **online booking and payment** of lessons
- > The group lessons organization is recommended with small numbers
- > Teachers and collaborators will wear the **mask** when it is not possible to maintain the minimum distance of 1 meter and whenever it becomes necessary
- > All collaborators and teachers are constantly updated on the Covid-19 measures in force also through **internal training courses**

**MOBILITY /
SKIBUS**

MOBILITY / SKIBUS

- > On ski buses and urban transport is planned a reduction in capacity
- > Drivers and passengers will wear respiratory protective equipment
- > To comply with the load limits, there will be an **increase in the frequency** of the vehicles
- > All vehicles are cleaned and disinfected daily and the **sanitation is periodic**
- > If due, tickets can be purchased **online** or at the automatic machines or via smartphone with the **appropriate APP** (Open Move or Droticket), or at the accommodation facility
- > For rental with driver up to 5 seats, occupancy is reduced to a maximum of 2 people per row of seats (except families or cohabiting groups)
- > For rental with driver with more than 5 seats, it is expected 100% occupancy, the obligation to wear the mask and a stop with the doors open for 1 minute every 15 minutes of travel
- > To use the **Fly Ski Shuttle** service, at the time of boarding a self-declaration is required and **body temperature will be measured** (which must be below 37.5° C). When on board, wearing the mask is mandatory. The use of adjacent or face-to-face seats is only allowed for passengers from the same family unit or who have stable interpersonal relationships

MOUNTAIN
HUTS /
RESTAURANTS

MOUNTAIN HUTS / RESTAURANTS

We are organizing to guarantee a relaxing break in complete tranquility

- >The spaces have been redesigned to ensure adequate spacing
- >The **extension of serving times** and the use of **heated outdoor spaces** will be encouraged
- >All the rooms will be constantly and correctly ventilated to ensure a proper and **full air exchange**
- >**Advance and online booking** will be encouraged
- >Apres ski could be different but more chic, conveniently served at the table
- >As in the summer, an overnight stay in a refuge will be possible only by contacting the structure in advance and with reduced room occupancy

RENTALS

RENTALS

- > We are implementing methods for a more efficient use of the service, with **access and queue management systems**
- > The rental shops are organized to ensure the **safety distance of 1 meter**, sometimes even with defined routes for managing flows
- > The equipment will be **properly sanitized** and all rooms will be adequately ventilated
- > There will be dedicated spaces to the return of the equipment
- > **Alternative methods** to traditional rental will be encouraged, such as, for example, **pick-up by appointment or delivery at the hotel**

ACCOMMODATION FACILITIES

ACCOMMODATION FACILITIES

- > Trentino operators have reorganized themselves to offer their guests a peaceful and safe stay
- > Many facilities have already implemented and offered the Stornohotel **travel cancellation policy**, which also covers the interruption of the holiday due to Covid
- > **Additional coverage** will soon be available for the reimbursement of ski school and rental, as well as providing guarantees for medical expenses, assistance and theft / loss of luggage
- > All employees are informed on the methods of transmission, symptoms and hygiene rules to avoid spread and contagion
- > The facilities of Trentino have identified an internal responsible as **contact person for Covid related questions** (a trained person with a certification by UOPSAL - Prevention and Safety in the workplaces)

HEALTHSERVICE, CONTACTS AND USEFUL NUMBERS

HEALTH SERVICE, CONTACTS AND USEFUL NUMBERS

- > A **task force** has been set up to constantly monitor the Coronavirus infection curve in Trentino
- > The hospitals have been reorganized, increasing the number of places in intensive care and a pre-triage with immediate path and a dedicated area for people with flu symptoms have been activated
- > A **national Covid toll-free number, 1500**, has been set up **24/7** for every citizen. The unique emergency number, 112, must be contacted for other emergencies
- > Another useful tool created to limit the spread of the epidemic is **IMMUNI**, the **national contact tracing APP**, which allows you to know if you have been in contact with infected subjects
- > In **Trentino**, from the 12th August 2020, a **new toll-free number 800 390 270** has been activated from Monday to Friday non-stop from 8am to 5pm, and on Saturday morning from 8am to 2pm. It answers all the questions of people arriving or returning from sensitive countries (Spain, Croatia, Greece, Malta), that need to check their status before being able to freely move
- > A special online form has been prepared for reserving the Covid swab [**https://servizi.apss.tn.it/rientroestero/**](https://servizi.apss.tn.it/rientroestero/)
